Alert No. 15

CONSTRUCTION ALERT CONTEMPLATIVE COMMONS

ITEMS OF INTEREST:

- Emmet Street Intermittent Evening Road Closures

DESCRIPTION OF WORK

Between September 11-20, Hourigan Construction will perform work to add guardrails to the new pedestrian bridge over Emmet Street. For the safety of vehicles and pedestrians, this work requires a full closure of Emmet Street between the Central Grounds Parking garage entrance and McCormick Road when overhead work is taking place. Road closures will take place Monday-Friday evenings, 8PM-6AM. Overhead work will be weather-dependent and intermittent during this period. Signage will be updated regularly to indicate which evenings the road will be closed.

BACKGROUND:

The Contemplative Commons project will add a new 4-story academic building on the site of an existing surface parking lot adjacent to the Dell Pond and School of Education. New pedestrian bridges will create an ADA connection from Newcomb Plaza to the McCormick Rd Dorm area.
