Alert No. 003

CONSTRUCTION ALERT

UVA Manning Institute of Biotechnology (Early Site Enabling Package)

ITEMS OF INTEREST:

- Starting **Tuesday, 1/8/2024**, the team will be continuing work on the new electrical duct bank for future power service into the Aurbach Medical Research Building. The planned duration for this impact will be from 1/8/2024 to 1/17/2024.
- This work will take place in the drive aisle of the existing parking lot in front of Aurbach. The team will reconfigure the fencing to capture this area of the parking lot and will also relocate the ADA spots back to along the sidewalk approaching Aurbach. This sidewalk will be opened back up without the detour used the week prior.
- Pedestrian and delivery access to all buildings will be maintained.

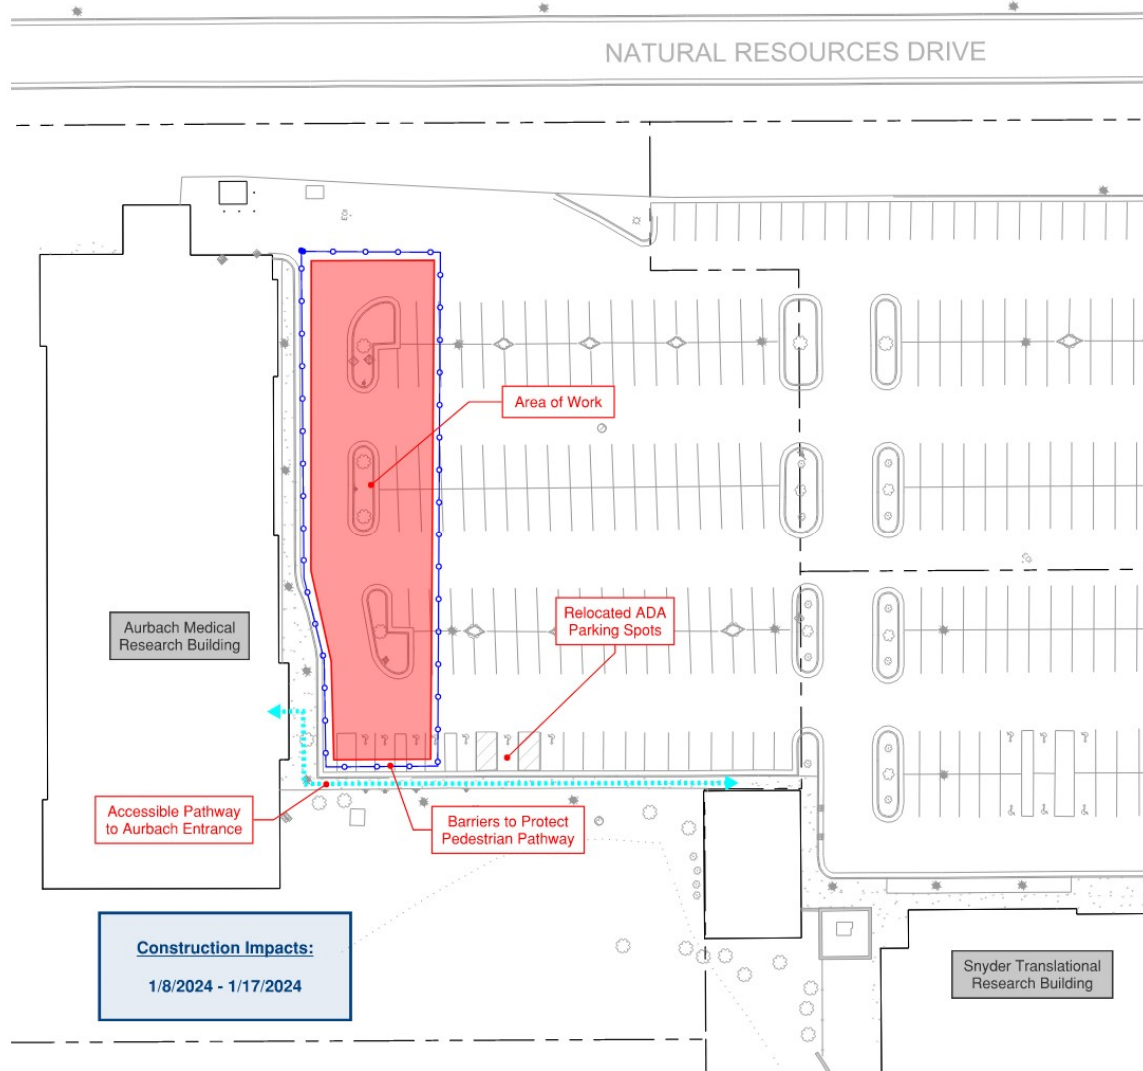

BACKGROUND:

- This early site enabling project will modify and relocate existing utility infrastructure within the site to make way for the start of mass excavation and construction of the Manning Institute of Biotechnology.
